

18th - 21st February 2010

At Hyderabad International Convention Center

Spectacular Training By Splendid Guest Speaker

Leslie Stanford Chairman's Club Member USA

Out of Frustration, Leslie Stanford quit her job as a dental hygienist in Calgary, Canada.

She called the number she saw in an ad and was invited to a Herbalife Opportunity Meeting. She then signed up and lost weight using the products. She also worked diligently at retailing her products to alleviate her immediate financial problems. This was all

done within two weeks.

“But there is more to it than money,” explains Leslie. “What one learns while getting to the President’s Team is not taught at any university or college. That’s where the real value is. In addition, I love seeing other Distributors within the group achieve the personal growth that allows them to experience remarkable success.” In conclusion, Leslie simply says, “Herbalife has been an incredible journey.”
