**Chairman's Club Member - Bea Bos**

In 2002, Herbalife welcomed Bea and Ronald Bos as the 19th members of the Chairman's Club. In 1991, Bea discovered Herbalife and experienced wonderful results from the products. Originally in sales and marketing, she immediately understood the business potential of Herbalife and became a Distributor. After a year, she attended an Extravaganza, where she "saw the big picture" and consequently quit her other job. In her first full-time year with Herbalife, Bea qualified for Global Expansion Team, then Millionaire Team and finally, President's Team in a meteoric rise. On a sailing trip for the 10 best entrepreneurs in her area, Bea met Ronald, CEO and founder of a couple of IT companies. By combining his skills, vision and business experience with Bea's, their Netherlands organization exploded. Since 1999, the Netherlands has over 17 President's Team members. We congratulate Bea, Ronald and their organization on their phenomenal success!\*
