

We need your support

On February 27, 2010 an earthquake of magnitude 8.8 struck central Chile. At least 700 people have been killed and may more injured; the President of Chile has declared a national emergency as survivors and rescue teams assess the full extent of damage. In Santiago, Chile's capital, the international airport was forced to close, highway structures collapsed, buildings were severely damaged and phone and electric lines have been brought down.

The Red Cross has mobilized disaster relief workers and volunteers in the affected areas. The Herbalife Family Foundation will be collecting funds to support the Red Cross' relief efforts in the face of this devastating earthquake. Please consider making a donation in honor of our friends in Chile today.
