

Personal Development Series

with Founder's Circle and Chairman's Club members

Your Door to a World of Opportunities

Find out how to open it!

This year, plan your personal and professional success by listening and learning from those who have already opened the door to a world of opportunities. The *Personal Development series*, as presented by Founder's Circle and Chairman's Club members, can help you open your mind, add to your skills and drive your business into previously unimagined levels of success.

Guillermo Luna and Carola Lichtman:

A commitment to heal. A determination to succeed.

Guillermo Luna was a struggling medical student in Venezuela, often having to stand in line for hours to receive a free university meal. In 1993, his life changed when he scraped together enough money to see Mark Hughes speak. Carola also came from a humble background, and with a master's degree in hand, recognized Herbalife as a great opportunity. They met at an Herbalife meeting, and today they are not only living their dreams but are also helping to clothe, nurture and shelter those in need. Don't miss the opportunity to hear directly from Guillermo Luna and Carola Lichtman, Chairman's Club members, and learn their incredible story.
