Maria Anthea & Ariel De La Cruz, Philippines

Anthea De La Cruz, Global Expansion Team Member and Active World Team qualifier for the past 4 years has always made it her goal to qualify for Herbalife promotions and events. She was one of five qualifiers for the exclusive 2007 Active World Team Vacation in Australia and now for the 2009 Getaway Vacation and 30th Anniversary Vacation in the Bahamas!

Anthea De la Cruz shared, "I am very much thankful for the decision I made six years ago in joining Herbalife! I used to join various businesses to pay off a bunch of life and health insurances as well as educational plans which I got for the belief of having a more stable financial

future for my family. Unfortunately, it ended up burdening me with piles of bills and five credit cards to pay off with interests, increasing each month and making my salary in the bank as an employee insufficient."

"I initially did the business 1 to 2 hours after office and earned Php13,000 in the first three weeks working part-time. After 1½ years, I quit my job and did Herbalife full-time at my preferred schedule while plugging into the Herbalife System."

"Being a registered nurse with CGFNS Certificate, I turned down the offer of a job in the U.S. I have visualized my future and am certain to be financially stable in just a couple of years doing Herbalife and to be able to retire young. I am now enjoying the freedom and the lifestyle I never thought possible. I have been going into international trips like in Bali, Indonesia, Brunei, Australia and a couple of times in Singapore & Thailand. What I used to earn in one whole year working in the bank with too much stress, I earned in just one month with Herbalife! I paid off all my credit cards and got my Toyota Fortuner. My last 3 months income is over Php700,000.00! If I can do it, anyone can!"
