### Mary Ann & Disney Sevilla, Philippines

Disney and Mary Ann's story began with Mary Ann's weight problem. Mary Ann's mother and family members are fat; she was doomed to be fat and round, until she found Herbalife. In 6 months, she lost a whopping 70lbs! Because of her unbelievable product story, the business side came easily.

Employed for 14 years in one of the known Japanese brands in electronics, Mary Ann had to cope with the demands of her job and her maternal duties. She shares, "I had a 6-hour commute to and from the office and I worked for at least 9 hours. I felt guilty, as I barely had time for my husband and growing kids. But I could not just quit and give up my monthly pay of Php20,000!"

With the freedom she found in Herbalife, she was able to make up for the lost years. Now, it takes her just a few minutes to commute to her office – a home-based business that she can do without the pressure of having a boss and putting up with Metro Manila's traffic situation. Life has become incredibly exciting for the couple, as they have been to 40 international travels. Enjoying the 4 areas of income available in Herbalife, the couple earned more than Php800,000 in the last 3 months!
