

# Vacation Qualifier Profile

## Celebrating some of our early Herbalife 30<sup>th</sup> Anniversary Vacation Promotion Qualifiers

A number of Distributors have already qualified for the 30<sup>th</sup> Anniversary Vacation Promotion. Here's how they did it! This could be you!

Visit [MyHerbalife.com](http://MyHerbalife.com), to get more information and find out how you too can qualify!

### Hayden & Michelle Sison, Philippines

Before Herbalife, Hayden and Michelle pursued careers that their parents thought were best for them. After graduating from a top university where they met, Hayden worked as a General Manager in a European cosmetic company, while Michelle worked in a bank as an Account Officer. After being introduced to Herbalife and because of their great product results, they decided to do the business.

They shared, *"Even though we had a lot of business and career options, we decided to follow our heart--to do the Herbalife business"*, the couple stated. *"We saw the founder, Mark Hughes' passion and dedication. And we knew that this was what we were looking for, to have Independence and Freedom."*

*"At an early age, we are able to teach people how to reach for their dreams, improve their health, and become the best they can be."*

Their monthly income reaches almost One Million Pesos (approximately US\$20,000).

"Having come a long way early on made us so grateful to God for giving us a good company, family, organization, our friends and co-Distributors who have helped us along the way. We believe that we are here not only because of our hard work but because of those who wished us well and helped."

They have the same goal for themselves and for all the Philippine distributors and that is to have the same or even better lifestyles, and to achieve bigger income in order to be financially-free.

They consider that the most fulfilling thing is being able to give time and money to their church and charity work and not about making all the money. *"We believe that we were given all these gifts to share and give back"*, the couple stated.

In 2005, they were elevated to the Hall of Fame by the Direct Selling Association of the Philippines (DSAP) for being No. 1 in the Group Sales category for three straight years. Hayden and Michelle were awarded Top 2 Recruiter and Royalty Earner and Top 3 Volume Producer in the Philippines for 2007. And recently, they were awarded the 1 Million Volume Points Lifetime Achievement Award, the first in the Philippines.

"Qualifying for the Atlantis Vacation is the easiest! We believe that everyone CAN do it!"

**Herbalife salutes Hayden & Michelle Sison for this outstanding achievement of being among one of the first to qualify!**
