

Vacation Qualifier Profile

Celebrating some of our early Herbalife 30th Anniversary Vacation Promotion Qualifiers

A number of Distributors have already qualified for the 30th Anniversary Vacation Promotion. Here's how they did it! This could be you!

Visit MyHerbalife.com, to get more information and find out how you too can qualify!

Leri & Voy Yparraguirre, Philippines

Leri Yparraguirre was a graduate of Business Management from St. Paul College Manila and part of the Dean's List. When it comes to work, she has experienced it all -- she had an office job for 7 years, owned a business for quite sometime, went to the US to work, and has graced the stage, TV and ads as a commercial model and actress.

When Leri found Herbalife, she was reluctant to proceed to the HOM because network marketing was not something she wanted to involve herself in. When she saw the product results, she just wanted to try it to lose weight and did not see the income opportunities. She tried the products and in three weeks lost 10 lbs and in 2 months lost 20 lbs and

4 inches off her waistline.

Leri refers to Herbalife as the business of sharing stories and this is how she gets her customers and Distributors. It gives her a warm feeling whenever people get inspired by her product story and her "before and after" photos so the business just comes naturally from her product results and her love to talk.

At first, her husband, Voy Yparraguirre, was the typical negative husband until he attended the training of President's Team Member Greco Garcia. Ultimately, Voy resigned as Vice President of a large telecommunications firm and joined his wife in building their business. Their business has given them over US\$6,000 income in the last three months and has qualified them as Active World Team Members in 2007, 2008 and 2009 including the local Herbalife Getaway Vacation in Club Paradise, Palawan. Last year, they were awarded as Direct Selling Association of the Philippines' Sales Achiever of the Year. In the annual Awards Night of the 2009 Philippine Spectacular, they were recognized as the Top 3 Volume Producer and Top 2 Recruiter in 2008. And now adding to their list of achievements are their qualifications to the 2009 Getaway Vacation and 30th Anniversary Vacation in Atlantis Paradise.

One of their formulas for success in the business is goal-setting. Leri and Voy have been consistent with their personal volume production. They have succeeded in achieving 10,000 Total Volume Points in eight consecutive months which helped them considerably in achieving not just one but two dream vacations!

Leri has found the business she loves and she proudly declares, "As long as Herbalife is here, I will be here!"
