

## Venue & Guest Speaker Announcement!

The South East Asia Leadership Retreat & the South East Asia Supervisor Academy are proud to present one of the most sought-after guest speakers in Herbalife today;

# Pascal Mercier

**30K, International Executive President's Team Member**

Pascal was a policeman and his wife was an accountant in the Lancaster group. Pascal's best friend, Michel Dufays, introduced Herbalife to him in May 1993 as an opportunity to become independent and travel around the world. He started immediately as a distributor and after using the products for a few days, he found himself more energetic. His mother became his first client and thanks to her results, some twenty friends of hers wanted to take the products, too. He qualified Supervisor and went to a Supervisor School hosted by Mark Hughes in Paris. This changed his vision & he decided to give the opportunity a serious try.

Pascal attended his 1st Extravaganza in Orlando, April 1994, returned to France and qualified Global Expansion Team.

Since then, Pascal and his wife Nathalie developed an important client base in all regions of France and have created an extraordinary organization across France and Belgium.
