

The Elements of Well-nourished Skin

NouriFusion® Nourish Your Skin with Vitamins and Herbs

NouriFusion® skin care satisfies your skin with nutrient benefits from antioxidant vitamins A, C and E and beneficial herbs and botanicals. Use NouriFusion® products to cleanse, moisturise and protect your skin with state-of-the-art skin-care technologies, like Eyeliss™* for under-eye puffiness and SPF 15 UVA/UVB sun protection. NouriFusion® gives you the best of what nature has to offer, with formulas made from ingredients like tea tree oil, shea butter and Siberian ginseng extract.

*Eyeliss™ is used under the authorisation of Sederma Inc.

What Should I Use?

From one day to the next, your weight can fluctuate, and so can your skin type. Your skin is sensitive to changes on the inside and outside of your body. On the outside, conditions like dry or moist weather, sun exposure and your skin care routine influence how your skin looks and feels.

Inside, many factors contribute to your skin's conditions, including hormone levels, health problems, genetics, smoking, medications and diet. Because what's going on inside and outside can change, your skin may need different products at different times.

Simply combine NouriFusion® products into a personalised, flexible regimen that's right for your skin, right now.

If you already use Herbalife's Formula 2 Multivitamin Complex daily, take the natural next step in multivitamin care by moisturising and protecting your skin with NouriFusion®. Made with antioxidant vitamins A, C and E and skin-enhancing herbal ingredients, NouriFusion® combines the best of science and nature to help give you healthy, energetic-looking skin.

These vitamins are known to have many beneficial properties.

A Helps regulate skin growth
Improves skin moisture content
Promotes skin cell renewal

C Helps produce collagen
Promotes firm skin tone
Supports skin's immune system

E Protects skin's moisture barrier
Smooths skin surface
Helps reduce skin inflammation

NouriFusion®

A C E
FOR YOUR FACE

Multivitamin Skin Care
With Vitamins A, C & E

Normal to Dry

Normal to dry skin feels tight, sensitive. You may notice fine lines or rough patches on the skin. NouriFusion® MultiVitamin Cleanser, Toner and Moisturizer for Normal to Dry skin provide the extra hydration you need to restore a soft, supple texture to your face. Use these products daily for basic care and protection of your skin.

Daily

Normal to Dry System

- includes MultiVitamin Cleanser, Toner and Moisturizer

MultiVitamin Lotion Cleanser

- rich, gentle cleanser removes oil, dirt and makeup

MultiVitamin Toner

- light, refreshing formula improves skin tone

Daytime:

MultiVitamin Moisturizer SPF 15

- creamy lotion with UVA/UVB protection

Night Time

MultiVitamin Night Cream

These products contain special botanicals like primrose and kukui nut oil to benefit normal to dry skin.

Normal to Oily

Normal to oily skin can look shiny or greasy. Pores or blemishes may be more visible. NouriFusion® MultiVitamin Cleanser, Toner and Moisturizer for Normal to Oily skin helps control shine and leaves your face feeling fresh, soft and improved. Use these products daily for basic care and protection of your skin.

Daily

Normal to Oily System

- includes MultiVitamin Cleanser, Toner and Moisturizer

MultiVitamin Foaming Gel Cleanser

- light gel cleanser removes oil, dirt and makeup

MultiVitamin Toner

- refreshing toner helps control shine and improve skin texture

Daytime

MultiVitamin Moisturizer SPF 15

- light, nongreasy lotion with UVA/UVB protection

Night Time

MultiVitamin Night Cream

These products contain special botanicals like tea tree oil and eucalyptus leaf oil to benefit normal to oily skin.

All Skin Types

Anyone can use NouriFusion® products for all skin types in addition to basic daily care for normal to dry or normal to oily skin. The area around the eyes is first to show signs of stress or fatigue. Protect and enhance the delicate skin around the eyes with MultiVitamin Eye Gel during the day and Eye Cream at night. To help your face appear at its best, remove impurities and sweep away dull skin with MultiVitamin Clarifying Mask and Exfoliating Scrub. Use Moisture Mask for extra care and Night Cream to awaken your skin to its natural beauty.

Anytime

MultiVitamin Eye Cream

- a rich moisturiser for the delicate skin around the eyes

MultiVitamin Eye Gel

- light, cooling moisture reduces under-eye puffiness

Night Time

MultiVitamin Night Cream

- lightweight face cream hydrates while you sleep

Weekly

MultiVitamin Clarifying Mask

- light clay mask removes impurities

MultiVitamin Moisture Mask

- luxurious whipped mask deeply hydrates

MultiVitamin Exfoliating Scrub

- a gentle, revitalising facial scrub

Each of these products contain unique botanicals to provide benefits.
