

Announcing Special Speaker For March Special Supervisor Workshop

**International President's
Team Member
ERIC DEPP**

Eric Depp is a member of the Presidents Team and has been working with Herbalife since 1990. He has learnt a lot of lessons over the years and would now like to share his journey to success with you

"I first heard about Herbalife in June 1990 at in New York (USA) .At that time I was still a student. I was impressed by what I heard and became immediately part of the company.

Fortunately, I had the benefit of hearing Mark Hughes himself, talking and Training. I was so impressed with Mark's vision and charisma and as I listened to people on stage reading out their testimonials I thought to myself; "If they can achieve results then so can I, in fact if I only achieve 10% of what some of these have done, it would still be worth making a serious go of it!"

In June 1991 I graduated and immediately decided to make Herbalife my full time business By 1993, my hard work was paying off and many of my dreams had started to become realities. I'd also been fortunate enough to travel to some fantastic places with Herbalife allowing me to experience things I'll never forget.

Thanks to this opportunity, as at today some of my dreams already took place such as vacation, cruise, car, life style.... I'm often asked what I believe is the key to success in HERBALIFE and I have to say that the thing I am most proud of is the Philosophy of Life that I learnt from Mark Hughes; Positive Thinking, Enthusiasm, honesty and integrity and Simplicity and Fun as well as hard work."
